DATED 21.l2.2005

P.C.

.By the present civil application the order dated 2l.2.2002 passed in civil application no.2262 of 2002 is sought to be recalled. Prayer in the said civil application is for stay of the order cancelling registration of a coop society and the society is allowed to function subject to the final outcome of the petition. Present applicants are lessors of the land and are thus seeking that the society should be

deregistered. Present petitioner has entered into an agreement for development of the land and the land is already developed and flats are sold by the the developer to the flat purchasers. Hence at this stage it is not possible to pass any such order vacating the order. In any event if the order is vacated petition becomes infructuous. In that light of the matter civil application is dismissed.
